In re Application of: Stacey Ann JONES et al.

International App. No.: 10/572,974

International Filing Date: 10 September 2004

Title: *Compositions and Methods for Treatment of Fibrosis*

Mail Stop PCT (DO/EO/US)  
COMMISSIONER FOR PATENTS  
P.O. Box 1450  
Alexandria, VA 22313-1450

**PETITION TO WITHDRAW HOLDING OF ABANDONMENT**

**PURSUANT TO CFR 1.181(a)**

Sir:

Please withdraw the holding of abandonment in the above referenced patent application for the reasons stated in the Remarks on the following pages.

Remarks begin on page 2.

Exhibit A begins on page 4. \_\_\_\_\_

Exhibit B begins on page 5.

### **REMARKS**

Applicants request withdrawal of the holding of abandonment in the above referenced patent application, USSN 10/572,974. The holding of abandonment is founded upon a due date allegedly set by an Office action dated 26 Dec 2007 and titled "Notice of Informal or Non-Responsive Amendment." According to the on-line image file, the action dated 26 Dec 2007 set a due date of "one (1) month or thirty (30) days from the mailing of this notice, whichever is longer...." Thus, the action attempted to set a due date of 26 Jan 2008. Applicants' representative has diligently reviewed the available business records and has found no evidence that the action ever reached Applicants' address of record with the USPTO.

The present application, USSN 10/572,974, attorney docket no.: PR60397, is associated with Customer No: 23347. The following email addresses are listed on the face of the action dated 26 Dec 2007: USCIPRTP@GSK.COM; ROSALIE.M.CHAMBERLAIN@GSK.COM; and JULIE.D.MCFALLS@GSK.COM. During the relevant time period, the Corporate Intellectual Property department regularly received email correspondence from the USPTO at the email addresses listed above. Upon receipt of email correspondence from the USPTO, the Corporate Intellectual Property department entered such due dates set by such correspondence into Applicants' computer-based docketing database. Due dates for each docket number are reflected in the computer-based docketing record under the "Actions" tab for that attorney docket number. Applicants include herewith a screenshot of the "Actions" tab for the present patent application. Exhibit A. As can be seen, there are no due date entries for Dec 2007-Jan 2008. Further, a search of the file jacket and application contents reveals no indication that the action was received by Applicants.

Applicants have also included herewith a copy of the Private PAIR Correspondence Notification for Customer No. 23347 showing all e-correspondence received for a date one (1) month from the alleged mail date of the action (26 Dec 2007 through 26 Jan 2008). Exhibit B. As can be seen, there is no entry for attorney docket no. PR60397 or USSN 10/572,974.

Indeed, Applicants' representative's first notice that the USPTO had attempted to set a due date in the above referenced case was a telephone call from Examiner Paganakis during the month of Jul 2008 requesting verbal confirmation

that Applicants intended to abandon the application. During a follow-up telephone call with Examiner Paganakis, Applicants' representative was informed that the abandonment was due to an error on the part of the USPTO and that the abandonment would be rescinded. However, this corrective action has not been taken yet by the USPTO. Applicants' representative has accordingly filed the present petition to preserve Applicants' rights in this case.

In summary, Applicants' representative concludes after diligently reviewing the record that the Office action referred to above was not received. Thus, Applicants' representative respectfully petitions the Office to withdraw the holding of abandonment in the above referenced patent application.

Applicants believe that no fees are due in connection with the filing of this paper other than those specifically authorized herewith. However, should any other fees be deemed necessary to effect the timely filing of this paper the Commissioner is hereby authorized to charge such fees to Deposit Account No. 07-1392.

Respectfully submitted,
